

# Jacob & Esau – Create

If you haven't done this idea already...

Find a jar and decorate the outside. Every time you think of something you wish you could do as a family (go to a farm, visit grandparents) write it on a piece of paper or a lolly stick and put it in the jar. When we're allowed to start travelling again you could pull things out of the jar to give you ideas of what you really wanted to do.
