

Saul & David – Pray

Draw a giant hand on a huge piece of paper or cardboard or several pieces of paper stuck together.

In the Bible it says that our names are written on God's hand. Some translations say 'engraved', showing that they can't be removed. We are safe in God's hands.

Each family member who wants to can write their name on the giant hand as you thank God that he knows you and loves you.

Afterwards you might want to write names of your friends from church on there too and pray for them.
