

Moses - Share

We're part of a big church that's full of people of all ages.

Some of our older people have been told to stay at home and not go out, to keep themselves safe.

But the older people in our church love our families and children and will really miss seeing you guys.

Draw a cheery picture of your favourite Bible story or a summer scene. Take a photo or scan it and email to Heather. She's turning the pictures into cards to send to older people, or email to them.

You might have someone in your family who you can't visit too. Why not email them a copy of the picture?
