

# David – Create

In the 'pray' section this week you made a target with 'giants' on.

Find a way of fixing the target up somewhere.

Get some rolled up socks and mark a throwing line.

See if you can hit the target with the socks.

You might want to make it into a prayer: 'God I pray for you to defeat...' then shout out one of the things and throw your socks!

Do adult socks or children's socks work better? Thin summer socks or thick winter ones? Who is better at the throwing: adults or children?!
