

David – Pray

Make a target for the wall. About A2 size. Maybe use some cardboard.

On each of the rings, as a family, write things that you want God to deal with, things that aren't right in the world. We might call these 'Giants' in our lives. Avoiding putting people's names, rather situations.

Just like David faced his giant we are facing these things and asking God to help us.

You might want to use the rings in different ways.

You could make the outer rings something that's physically far away from us (like famine in Yemen) and the centre rings something that's close to us (like something personal e.g. lack of patience).

Or you might want to use the rings to represent how 'big' these giants are. The centre (which is the hardest spot to hit) could be the biggest giant. The outside ring is things we think might be easy to deal with.
