

# David – Do

**Make a meal together**

**David was at the battlefield because he was delivering food to his brothers who were in the army.**

**Cook a meal together and chat about the story.**

**Why do you think David wasn't there with them? How do you think he felt about that? Talk about what it's like being in your family. Are there things you enjoy doing together? Are there things you find difficult.**

**David was delivering bread and cheese. If you have the ingredients you might want to make something like pizza! (Or a cheese toasty!)**
